Date: 06/11/2026
Transaction Confirmation #: 2267787

This Transaction Confirmation ("Transaction") is subject to the Base Contract/Gas Sales Agreement ("Base Contract") between Seller and Buyer dated 09/26/2005. The terms of this Transaction are binding unless disputed in writing within 2 Business Days of receipt unless otherwise specified in the Base Contract. If the Base Contract is not fully executed, this Transaction incorporates by reference for all purposes the North American Energy Standards Board, Inc. Delivery Period:	Begin: 07/01/2026	End:	06/30/2027
Performance Obligation:	Firm. "Firm" means the utilization of a firm service agreement with a Transporter under which the transaction's Delivery Point is not a specified primary point for the delivery of Gas.		
Contract Quantity/Volume Commitment ("Volume Commitment")	Full requirements		
Fees:	Applicable Taxes		
Dodd-Frank Transaction Classification:	Forward Contract		
Delivery Point:	Utility Citygate - ONG		
Special Conditions:	In connection with this Transaction, Buyer acknowledges and understands that Seller is relying and has relied upon Buyer's historical natural gas quantities at the Delivery Point for purposes of determining the pricing of the products and services to serve Buyer's natural gas requirements for the Delivery Period. Accordingly, if at any time during the Delivery Period there is a material variance (hereby defined as plus/minus 5% or greater) between Buyer's natural gas quantities hereunder and Buyer's applicable historical natural gas quantities at the Delivery Point which results in incremental daily market gas costs, variance charges, penalties or damages, then such costs, charges, penalties and/or damages will be passed through to Buyer by Seller.		
Restrictive Order:	The Parties acknowledge that an operational flow order, curtailment order, critical notice, or other governmental or Transporter directive concerning actual or potential limits or restrictions on the		

transportation, delivery, receipt, and/or use of Gas to, by, or for Seller, Buyer, or its affiliates (the 'RO Gas') or otherwise may occur (a 'Restrictive Order') with little to no advance notification. Each Party will comply with and take all commercially reasonable actions necessary to mitigate the impact of such Restrictive Order, and any charges or penalties assessed by a governmental authority or Transporter will be borne by the Party who failed to mitigate or comply with such Restrictive Order. A Restrictive Order may require, or may result in the need for (as reasonably determined by Seller), Seller to sell RO Gas to Buyer at a price subject to then-current market pricing, which may differ from the Contract Price set forth in an affected Transaction, and any such RO Gas will be priced and invoiced to Buyer (including any charges or penalties applicable thereto) as reasonably determined by Seller and paid by Buyer in accordance with the Base Contract. Seller shall deliver or receive RO Gas on a commercially reasonable basis, including subject to available transportation. For the avoidance of doubt, RO Gas will not be priced at the Contract Price and is not counted towards or subject to the Volume Commitment or Buyer's full requirements of, the affected Transaction. If Buyer fails to comply with a Restrictive Order, Buyer shall be responsible for compensating Seller for Gas, at pricing reasonably determined by Seller, to provide RO Gas or otherwise cover Buyer's receipt or use of Gas. Notwithstanding anything herein, if because of any Restrictive Order Seller is unable to deliver or Buyer is unable to receive all or a portion of the applicable Volume Commitment, then Seller will have no obligation to credit to or repurchase from Buyer any portion of such Volume Commitment. For the purposes of this Agreement, a 'Transporter' is the Gas gathering or pipeline company, or local distribution company, transporting Gas for Seller or Buyer upstream or downstream, respectively, of the Delivery Point(s) specified in a Transaction Confirmation.

Market Disruption:

If a Market Disruption Event has occurred, then either Party may give Notice thereof to the other Party specifying in reasonable detail the event that has occurred constituting a Market Disruption Event. Upon the giving of such Notice, the Parties will negotiate in good faith to agree on a replacement price for the Index Price (or on a method for determining a replacement price for the Index Price) for the Affected Period. An 'Affected Period' is any part of the Delivery Period under a Transaction affected by the Market Disruption Event. If the Parties have not agreed on or before the second Business Day following the date of the Notice of the occurrence of the Market Disruption Event, then the replacement price for the Index Price will be determined within the next two following Business Days with each Party obtaining, in good faith and from non-affiliated market participants in the relevant market, two quotes for prices of natural gas for the Affected Period of a similar quality and quantity in the geographical location closest in proximity to the Delivery Point(s). Once the Parties obtain the quotes, the following methodology shall be used to determine the replacement price for the Index Price: (i) if each Party obtains two quotes, the arithmetic mean of the quotations, excluding the highest and lowest values, shall be utilized; (ii) if one Party obtains two quotes and the other Party only obtains one quote, the highest and lowest values shall be excluded and the remaining quotation shall be utilized; (iii) if both Parties each obtain one quote, the arithmetic mean of the quotations shall be utilized; or (iv) if only one Party is able to obtain a quote, the obtained quotation should be utilized. For the purposes of the foregoing sentence, if more than one quotation is the same as the other quotation, and such quotations are the highest and/or lowest values, only one of the quotations shall be excluded. 'Index Price' means the price or a factor of the price, based on a specified published index, agreed to in a Transaction as the Contract Price. 'Market Disruption Event' means, relating to an Index Price in a Transaction, any of the following events: (a) the failure of the index to announce or publish information necessary for determining the Index Price; (b) the failure of trading to commence or the permanent discontinuation or material suspension of trading on the exchange or market acting as the index; (c) the temporary or permanent discontinuance or unavailability of the index; (d) the temporary or permanent closing of any exchange acting as the index; or (e) a market abnormality, anomaly or other occurrence, other than during or caused by a Force Majeure Event, which causes the Index Price to no longer be reflective of the market price of Gas for the relevant market in the geographic area in which the Delivery Point(s) is located.

Tariff:

In addition to any provisions for early termination set forth in the Base Contract, the Parties agree that either Party may terminate this Transaction if: (i) a Transporter files a tariff change or a court or governmental agency with jurisdiction (including, without limitation, the Federal Energy Regulatory Commission) causes a Transporter to initiate a tariff change in a manner that causes a party to incur additional, unanticipated material capital or operating costs (including, but not limited to, Transporter fixed and/or variable charges or fuel, or in connection with Transporter system operational limitations or restrictions) relating to its performance hereunder; and (ii) the parties are unable, after good faith negotiations, to renegotiate this Transaction.

Each Party to this Transaction represents that it: (i) is a producer, processor or commercial user of, or a merchant handling, the Gas that is the subject of this Transaction; (ii) is entering into this Transaction solely for purposes related to its business as such; and (iii) this Transaction will result in the sale of an "exempt commodity" (as defined in Section 1a (20) of the Commodity Exchange Act) for immediate or deferred shipment or delivery. Each Party agrees to provide to the other Party any information reasonably requested by such other Party to enable such other Party to comply with applicable regulations of the Commodity Futures Trading Commission in connection with this Transaction.

Symmetry Energy Solutions, LLC certifies that it is not currently engaged in, and covenants that it will not, for the duration of this Transaction, engage in a Boycott of Israel.
